Hi Chris,

Mercedes' materials for tomorrow's meeting are attached. I have only very quickly scanned them. If you are bored you might read through them this evening, but I don't think it should be a priority. They are pretty scattershot and basically

PBI / Ex. 4 / Ex 5 Deliberative Process

PBI / Ex 4 / Deliberative Process / Ex. 5

Linc, Joel and I will plan to join you by video.

Thanks,

Subject: Meeting Materials for Dr. Breuer's Meeting Tomorrow

Byron,

As we discussed, here is the current draft of the materials Dr. Breuer will bring to his meeting with Chris tomorrow.

Mercedes asked me to make sure EPA understood that the materials contain confidential information, and that we take any necessary steps to make it clear that they have been submitted to EPA under a request for confidential treatment, and get the benefit of all applicable FOIA exemptions.

Accordingly, the attached materials have been marked CONFIDENTIAL and should be protected from disclosure under both FOIA (5 U.S.C. 552(b)(4) and 40 CFR Part 2, Subpart B).

Mercedes requests that confidentiality be granted in perpetuity and would appreciate your notifying me in the event that EPA receives a request for disclosure or otherwise seeks to disclose this information.

I hope this information is helpful.

Please don't hesitate to let me know if you have any other questions.

Latane
